

La Fao, i Popoli indigeni, le piantagioni e la deforestazione

La recente proposta da parte della Fao di sovvenzionare le piantagioni come vettore di un new deal ambientale, non è stata apprezzata dai popoli indigeni e dalle associazioni ambientaliste. . (...) "Forests in a changing world" è il tema della settimana mondiale delle foreste, che si terrà fino al 24 Marzo a Roma in occasione della riunione del Comitato foreste della Fao che discuterà di gestione sostenibile delle foreste e presenterà il rapporto "Stato Mondiale delle Foreste 2009".
