

AMBIENTE

Efforts to address environmental challenges across the 22 countries of the Arab region were today enhanced with the signing of a new agreement between the United Nations Environment Programme (UNEP)

and the League of Arab States (LAS). UNEP and LAS agreed to reinforce cooperation and coordination in the planning and implementation of global and regional environmental programmes in the region. The renewed cooperation will cover a wide range of activities, programmes and projects in areas such as the green economy, post conflict assessments and recovery, climate change, water resources, biodiversity, sustainable consumption and production, and environmental governance. (...)
